

John R. Kasich, Governor John Carey, Chancellor

# Change Request: New Program Offering at an Existing Campus

Date of submission: to come

Name of institution: Kent State University

Name of program: Bachelor of Arts degree in Music

Name of campus at which program is offered: Kent Campus

Name of additional campus at which program will be offered: Stark Campus

Proposed start date: Fall 2016

Primary institutional contact for the request:

Name: Therese E. Tillett

**Title:** Executive Director of Curriculum Services

Office of the Provost

Phone: 330-672-8558 E-mail: ttillet1@kent.edu

Date that the request received final approval from the appropriate institutional committee:

Final approval by the Educational Policies Council, a committee of the

Faculty Senate, on 16 November 2015 and \_\_\_\_\_\_.

Program is educator preparation and leads to teacher licensure or endorsement:  $N_0$ 

Briefly describe the rationale for offering the program at this campus. In your response, indicate whether the program to be offered at the campus will be time limited or ongoing.

Kent State University offers the Music major within the Bachelor of Arts and Bachelor of Music degrees at the Kent Campus. It is proposed now to extend the BA degree program to the Stark Campus, specifically for the major's new optional concentration in contemporary popular music.

Since 2009, the Stark Campus has offered the Bachelor of Science degree in Music Technology. Many students who have enrolled in the Music Technology major have expressed interest in studying contemporary popular music. The addition of the liberal arts BA degree program will fit seamlessly on the Stark Campus as required courses for the concentration are already offered at the Stark Campus as part of the Music Technology major.

## SECTION 1: CHANGES NEEDED TO ACCOMMODATE THE NEW PROGRAM

# Academic and Administrative Leadership and Services

1.1 Describe the changes (if any) that will be needed in academic and administrative leadership at the campus to accommodate the new program.

There are no anticipated changes needed. As this is an established regional campus of Kent State University, there is a dean/chief administrator officer who reports to the university provost, and a full range of support personnel who are supervised by an assistant dean and a director of student affairs and enrollment management.

The BA degree in Music is offered under the auspices of the School of Music on the Kent Campus. All curriculum and administrative aspects will remain with that school and its faculty in collaboration with the assistant dean for academic affairs on the Stark Campus.

1.2 Describe the changes (if any) that will be needed in the campus' existing administrative services (e.g., admissions, financial aid, registrar) to accommodate the new program. If such services are not available at the campus, describe how students in the new program will access such services.

There are no additional resources required to implement this degree program. As this is an established regional campus of Kent State University, there is a full range of administrative and support services available, including admissions, financial aid, advising, registrar, tutoring, learning center, accessibility services and library.

1.3 Describe changes (if any) that will be needed in the campus' existing academic student services (e.g., advising, tutoring, counseling, placement services) to accommodate the new program. If such services are not available at the campus, describe how students in the new program will access such services.

There are no changes needed to accommodate this program. The campus services presently support students in the Music Technology major and are equipped to accommodate the Music major.

#### Resources and Facilities

1.4. Describe the changes in resources and facilities (e.g., classrooms, computer labs, laboratories, study areas, social areas, technology and other learning environments) that will be needed to accommodate the new program; provide a timeline for implementing the changes.

No additional resources are needed. All of the courses required for the optional contemporary popular music concentration in the Music major are already offered at the Stark Campus.

1.5 Describe any additional library resources (e.g., personnel, space, and technology) that will be needed to accommodate the new program at the campus; provide a timeline for implementing the changes.

There are no additional library resources required to implement this degree program. The Stark Campus houses a full academic library with access to computers, information literacy instruction, interlibrary loan, KentLINK and OhioLINK. The campus library presently serves the campus' three associate degree majors, 18 bachelor's degree majors and two master's degree majors.

1.6. If a full-service library is not available on campus, indicate how students, faculty and staff in the new program will access the resources and services of the main campus library.

Not applicable.

## **SECTION 2: PROGRAM INFORMATION**

2.1 Using the chart below, list the program that is being added for delivery at the campus. If general education courses are being added as part of this request, include that as a separate program area.

Please see Appendix A for the program requirements.

Title of Degree/Major or Program Component	Full Program Available On Campus	Partial Program Available on Campus	Comments for Chancellor's Staff
Bachelor of Arts degree in Music – optional concentration in Contemporary Popular Music	✓		All courses in the program are offered on-ground at the Stark Campus with the exception of one required course— offered fully online or on-ground at the Kent Campus—and six elective courses offered on-ground at the Kent Campus
Bachelor of Art degree in Music (no concentration)		✓	All courses in the program are offered on-ground at the Stark Campus with the exception of two required and six elective courses, offered on-ground only at the Kent Campus.

2.2 Indicate whether alternative delivery options are available for the program at the proposed campus and indicate whether this is different from the delivery option used for the approved program at other locations:

	Available	Currently Used in the Approved Program
Accelerated	No	
Hybrid/blended	No	
Online	No	

## **SECTION 3: FACULTY**

3.1 Complete a faculty matrix for the proposed program at this campus. Include a separate matrix if general education courses are being added. A faculty member must be identified for each course to be taught at the campus during the first two years of program delivery. If a faculty member has not yet been identified for a course, indicate that as an "open position" and describe the necessary qualifications in the matrix. A copy of each faculty member's CV must be included as an appendix.

Please note that the courses listed on the next page in the matrix are the major courses in the degree program. All other courses to satisfy graduate requirements comprise general education requirements (Kent Core), first-year orientation (US 10097 Destination Kent State: First Year Experience) and general electives, which are offered—on-ground and online—on all Kent State University campuses.

This course—offered on-ground at the Kent Campus— and 100% online is taught by faculty in the College of Applied Engineering, Sustainability and Technology for numerous degree programs.  TECH 31000 Cultural Dynamics of Technology					

<sup>\*</sup> Number of courses instructor will teach each year at all campuses.

3.2 Describe future faculty staffing plans for the program. In your response, include a description of the institution's plans, if any, for adding courses and faculty after the initial two years of operation, and a description of the plans to add faculty in response to increases in student enrollment.

At present, faculty staffing is sufficient to offer the program.

# **SECTION 4: MARKET/WORKFORCE NEED**

4.1 Indicate whether the institution performed a needs assessment/market analysis to determine the need for the program at the proposed campus. If so, briefly describe the results of those findings.

An environmental scan for the BA in Music was completed through the Corporate University at Kent State Stark (see Appendix C). Results found a need in the community for the Music major that is different to the Music Technology degree currently offered at the Stark Campus. There is a population of high school graduates who are more musically inclined but are not interested in the music technology field; they are the ones who would benefit from this degree. The job opportunities in the region are moderate and are better statewide.

4.2 Indicate the projected enrollments for the program over the next three years.

	2016-2017	2017-2018	2018-2019
First-year students	5	10	10
Second-year students 4			8
Third-year students			8

4.3 Indicate whether the institution consulted with advisory groups, business and industry, or other experts when considering expanding the program to the proposed campus. If so, briefly describe the involvement of these groups in the development of this request.

Stark Campus and School of Music faculty and administrators have had extensive conversations to ensure that that the BA degree is suited for the campus. More students at the Kent Campus pursue the BM degree in Music, rather than the BA degree; therefore, offering the full BA degree at the Stark Campus is beneficial for both units. Faculty also consulted area businesses—specifically Arts in Stark and the Chamber of Commerce of North Canton, Canton and Jackson—to receive and evaluate their ideas. Of particular interest would be their support in providing students internship opportunities in Stark County.

# Appendix Description

- A BA degree in Music program requirements
- B Stark Campus program faculty CV
- C Environmental scan for need at Stark Campus

## Commitment to Program Delivery at Campus

Kent State University is dedicated to the delivery of the Bachelor of Arts degree in Music at the Stark Campus. If the university decides in the future to either eliminate the degree program or close the campus, Kent State will provide the necessary resources and means for matriculated students to complete the program. Kent State University verifies that the information in the application is truthful and accurate.

Todd A. Diacon, PhD Senior Vice-President for Academic Affairs and Provost Kent State University

## **Contemporary Popular Music Concentration**

CONCENTRATION REQUIREMENTS (18 credits) Courses count in major GPA				
Course and Title	Credits	Offered at Stark		
MUS 21341 Commercial Music Theory and Composition 7	3	Yes - exclusively		
MUS 31211 Applied Studio Musicianship (2) 8 or	8	Yes		
MUS 36913 Composition (2) <sup>7</sup>	0	Yes - exclusively		
MUS 35213 Studio Ensemble (1) <sup>7</sup>	4	Yes - exclusively		
		Offered online		
TECH 21000 Cultural Dynamics of Tachnology	3	for all students		
TECH 31000 Cultural Dynamics of Technology	3	and on-ground at		
		Kent Campus		

#### **Program Notes:**

- UC 10097 is not required of transfer students with 25 credits (excluding College Credit Plus) or students age 21+ at time of admission.
- 2. Piano Class (2 credit hours): placement test required. Students who have piano as their main instrument and students placed into applied Music-Piano replace with music (MUS) electives.
- 3. Applied Music: Students not declaring a concentration will need to take a total of 6 semesters and 12 credit hours of Applied Music or MUS 36111 Applied Music-Piano (2) for two semesters and MUS 31211 Composition (2) for four semesters. Based on instrument of music degree acceptance. Students must meet the 46000 entry level prior to graduation. The 46000 level may be taken following a successful 46000-level barrier exam. One semester of MUS 21211 Introduction to Composition can replace one semester of 31211. Students in the Contemporary Popular Music concentration must take 2 semesters and 4 credit hours of Applied Music and 8 credit hours of MUS 36913 Applied Studio Musicianship or MUS 31211 Composition (one semester of MUS 21211 can be included).
- 4. MUS 36912 Applied Music-Guitar is only available at the Stark Campus.
- 5. Major ensemble (8 separate semesters of music ensemble are required): Students must enroll in a major ensemble appropriate to their major performance area. Students in the Contemporary Popular Music concentration take 4 separate semesters of major ensemble and 4 separate semesters of MUS 35213 Studio Ensemble. MUS 25011 University Chorus and MUS 25225 University Band can be used for major ensemble credit.
- 6. Number of credits required depends on meeting minimum 120 credit hours and minimum 39 upper-division credit hours.
- 7. MUS 21341, MUS 36913 and MUS 35213 are only available at the Stark Campus.
- 8. One semester of MUS 21211 Introduction to Composition can replace one semester of 31211. This option requires 2 semesters of MUS 36111 Applied Music-Piano in the Major Program Requirements.

#### **Important Notes:**

- Students who begin their music or music education major program as first semester freshmen are required to
  attend a minimum of 84 concerts or recitals. Music or music education majors who transfer from a non-music
  program or university must attend an average of 10 music recitals or concerts for semesters of full time
  enrollment.
- To graduate from Kent State University with the degree B.M. or B.A. in music, it is required that students take a
  major field achievement test in music history and music theory during their senior year. Specific score level
  achievement is not required.
