Title: Electricity I  
Title Abbreviation: Electrical Circuits I  
Description: Introduction to electric circuit analysis. Voltage, current, resistance, power. Analysis of series and parallel networks. Network theorems, mesh, and nodal analysis. Capacitor and inductor circuits. Includes laboratory.  
Lecture Hours: 02  
Lab Hours: 02  
EPC Approval: 10/21/96
3. Revise TECH 21021 Fundamentals of Electricity  
Title: Survey of Electricity and Electronics  
Title Abbreviation: Survey Elect. Electron.  
Prerequisite: MATH 12001 or Co-Requisite MATH 11022  
Description: Survey of DC and AC circuits, electronic devices, amplifiers, sensors, and transducers, digital circuits, motors, generators, and controls. Includes laboratory. Not intended for Industrial Technology majors.  
Lecture Hours: 02  
Lab Hours: 02  
EPC Approval: 10/21/96
4. Revise TECH 23224 Electricity II  
Title: Electrical Circuits II  
Title Abbreviations: Elec. Circ. II  
Prerequisite: TECH 20004  
Description: Intermediate electric circuit analysis. Reactance, impedance, network theorems, and analysis. Resonance in series and parallel circuits. Applications. Includes laboratory.
