### Graduation Requirements Summary

Total Hours	Upper-Division Hours	Liberal Education Requirements Hours	Diversity Course Global / Domestic	Writing-Intensive	Minimum Major GPA	Overall GPA
121	42	39	LER	FR 43230	2.0	2.0

**Note 1:** Students majoring in French Translation are expected to have some proficiency in French through high-school study. All students with previous French study should take the French Placement Test and enroll in the correct course based on their score. Students who have completed three or four years of high school French should see a French Major Advisor for placement. Students lacking in sufficient major-level proficiency to take the first major courses (FR 33211 and FR 33212) can reach it by taking courses in the prerequisite sequence (FR 13201, 13202, 23201, 23202) based on their placement score and high school training. Students with sufficient French to place into higher semesters are not allowed in Elementary French I. Due to prerequisite requirements; summer study is required after the first year to complete the major within four years.

**Note 2: Recommended Liberal Education Requirements courses** (any course may satisfy the LER Additional category and also be counted in the major's Subject Area Specialty, see note 3).

GEOL 21062 Environmental Geology <sup>B</sup>	3		

<sup>B</sup> Basic Sciences category    <sup>S</sup> Social Sciences category

**Note 3: French literature elective (6 credit hours), choose from the following (one is offered each semester):**

FR 33335 Introduction to French Theatre <sup>F</sup>	3	FR 33337 Introduction to French Novel <sup>S</sup>	3
FR 33336 Introduction to French Poetry	3		

<sup>F</sup> Offered in fall only    <sup>S</sup> Offered in spring only

**Note 4:** The Subject Area Specialty is a departmentally approved coherent sequence of courses (39 credits) in one or more other disciplines (i.e., not in the Department of Modern and Classical Language Studies). In order to be approved, the Subject Area Specialty must include courses in an area or areas that are currently marketable, such as business, legal studies, international relations, political science, computer science, chemistry, physics or other "hard" sciences. The Subject Area Specialty may include up to 17 credit hours of a different language in the sequence through composition/conversation. It may also optionally include MCLS 23217 The Francophone Experience.

### Liberal Education Requirements (LER)

Students must complete a minimum 36 credit hours of Liberal Education Requirements. Colleges or degree programs may specify certain courses to fulfill the requirements. Courses in the students' major field will not count toward the completion of any LER. Honors equivalents shall satisfy the LER. None of the courses on the LER list may be taken with a pass/fail grade.

### Diversity Course Requirement

Students must complete a two-course diversity requirement, consisting of one with a domestic focus and one with a global focus. One course must be come from the LER and cannot be in the student's major. The second course may be taken as a second LER; or within a major or minor; or as a general elective; or, with dean's approval, by completing one semester of study in another country.

**Writing-Intensive Course Requirement**

Students must complete a one-course writing-intensive requirement in their major and earn minimum C (2.00) grade.

**Upper-Division Requirement**

In general, baccalaureate programs require the successful completion of at least 39 upper-division (numbered 30000 to 49999) credit hours of coursework. Programs in the College of Arts and Sciences require a minimum of 42 hours of upper-division coursework.
