Note 1: Students majoring in Spanish Translation are expected to have some proficiency in Spanish through high school study. Students with previous Spanish study should take the Spanish Placement Test and enroll in the correct course based on their score. Students who have completed three or four years of high school Spanish should see a Spanish major advisor for placement. Students lacking in sufficient major-level proficiency to take the first major courses, SPAN 33211 and SPAN 33212, can reach it by taking courses in the prerequisite sequence (SPAN 13201, 13202, 23201, 23202) based on their placement score and high school training. Students with sufficient Spanish to place into higher semesters are not allowed in Elementary Spanish I.

Note 2: Recommended Liberal Education Requirements courses: (any course may satisfy the LER Additional category and also be counted in the major's Subject Area Specialty, see note 3)

Note 3: The Subject Area Specialty is a departmentally approved coherent sequence of courses in one or more other disciplines (i.e., not in the Department of Modern and Classical Language Studies). In order to be approved, the Subject Area Specialty must include courses in an area or areas that are currently marketable, such as business, legal studies, international relations, political science, computer science, chemistry, physics or other "hard" sciences. The Subject Area Specialty may include up to 17 credit hours of a different language in the sequence through composition/conversation. It may also optionally include MCLS 28404 The Latin American Experience and MCLS 28405 The Spanish Experience. Total credits: 39. The recommended LER courses (see note 2 above) may be included within this area.

Liberal Education Requirements (LER)

Students must complete a minimum 36 credit hours of Liberal Education Requirements. Colleges or degree programs may specify certain courses to fulfill the requirements. Courses in the students' major field will not count toward the completion of any LER. Honors equivalents shall satisfy the LER. None of the courses on the LER list may be taken with a pass/fail grade.

Diversity Course Requirement

Students must complete a two-course diversity requirement, consisting of one with a domestic focus and one with a global focus. One course must be come from the LER and cannot be in the student's major. The second course may be taken as a second LER; or within a major or minor; or as a general elective; or, with dean's approval, by completing one semester of study in another country.

Writing-Intensive Course Requirement

Students must complete a one-course writing-intensive requirement in their major and earn minimum C (2.00) grade.

Upper-Division Requirement

In general, baccalaureate programs require the successful completion of at least 39 upper-division (numbered 30000 to 49999) credit hours of coursework. Programs in the College of Arts and Sciences require a minimum of 42 hours of upper-division coursework.
