Note 1: Students must successfully complete a grammar competency requirement within the first 20 credits of the major and before enrolling in the required writing-intensive course associated with the major. Students will be provided one opportunity to fulfill this major requirement while enrolled in COMM 20000 Foundations of Communication. Students who do not earn a score of 680 or better on this test-out opportunity in COMM 20000 must complete COMM 21000 Grammar Review (1 credit), earning a C or better in the course in order to fulfill this grammar requirement.

Note 2: Any COMM course taken is calculated in the major GPA.

Note 3: Of the 12 credit hours required for concentration elective courses, 9-12 must be upper-division. May include maximum 6 credit hours combined from COMM 45092, 45093, 45095 and 45196.

Note: The School of Communication Studies generally will approve dual concentrations for Communication studies students as long as there are at least 12 hours of coursework in the concentration elective courses exclusively applied to each concentration (resulting in a total of 24 hours of unique concentration electives across the two concentrations). Students must also complete all of the other concentration requirements specific to each concentration, in addition to differentiating their major elective courses across the two concentrations. If one of the dual concentration choices is either the applied or the global communication concentration, students may select courses from across the College of Communication and Information in their elective choices for completing that part of the dual concentration. Any other duplicative course requirements for the two concentrations beyond the requirements specified above may be double counted when completing a dual concentration option.

Students electing a dual concentration must meet with an advisor to plan an individualized plan of study that meets these requirements before the dual concentration option will be approved for that student. Any changes made to the program of study also must be approved by an advisor, or the student may not be allowed to graduate with this option.

Kent Core

Students must complete a minimum 36 credit hours of the Kent Core. Certain courses required in programs and in student's major field may also fulfill the Kent Core. Honors equivalents shall satisfy the Kent Core. None of the courses on the Kent Core list may be taken with a pass/fail grade. Visit www.kent.edu/catalog/kent-core for course list.

Diversity Course Requirement

Students must complete a two-course diversity requirement, consisting of one with a domestic (U.S.) focus and one with a global focus. One course must come from the Kent Core. The second course may be taken as a second Kent Core, within a major or minor, or as a general elective; or, with dean's approval, by completing one semester of study in another country. Visit www.kent.edu/catalog/diversity for course list.

Writing-Intensive Course Requirement

Students must complete a one-course writing-intensive requirement in their major and earn minimum C (2.000) grade. Visit www.kent.edu/catalog/wic for course list.

Experiential Learning Requirement (ELR)

To provide students with direct engagement in learning experiences that promote academic relevance, meaning and an understanding of real-world issues, students must complete this requirement at Kent State, either as a for-credit course or as a non-credit, non-course experience approved by the appropriate faculty member. Visit www.kent.edu/catalog/elr for course list.

Upper-Division Requirement

Students must complete a minimum 39 upper-division (numbered 30000 to 49999) credit hours of coursework. Programs in the College of Arts and Sciences require a minimum of 42 hours of upper-division coursework.
