College of Business Administration Department of Accounting Catalog Year: 2013-2014

Special notes for major:

- Normally, an ACCT major course may be repeated only once. Students may repeat only a course in which a C+ grade or lower was earned. Only
 three accounting major courses (3/43000) may be repeated and counted toward the accounting major. All attempts count in the computation of the
 major and cumulative GPA.
- If a student does not have at least a B- in both ACCT 23020 and ACCT 23021 but the student does have an average GPA of at least 2.700 in ACCT 23020 and ACCT 23021, the student can apply to the Accounting Department for an override to be admitted to junior level accounting courses.
- A basic knowledge of and the ability to use personal computers for accounting applications, including an electronic spreadsheet such as Excel, is required to major in accounting. Students should possess such knowledge and skills, if not already possessed, before taking any upper-division accounting major course or during the first quarter of the term during which the course is taken. The department office can provide recommendations on self-study materials to acquire the knowledge and skills.
