Students will be provided one opportunity to fulfill this major requirement while enrolled in COMM 20000 Foundations of Communication. Students who do not earn a score of 680 or better on this test-out opportunity in COMM 20000 must complete COMM 21000 Grammar Review (1 credit), earning a C or better in the course in order to fulfill this grammar requirement.
- If JMC 20001 is not selected, students must take a Kent Core requirement in Semester 7. If JMC 20001 is selected, students may enroll in general

elective credits. Number of general elective credits required depends on meeting minimum 120 credit hours and minimum 39 upper-division hours.

3. UC 10097 is not required of transfer students with 25 credits (excluding College Credit Plus) or students age 21+ at time of admission.

Note: The School of Communication Studies generally will approve dual concentrations for Communication Studies students as long as there are at least 12 hours of coursework in the concentration elective courses exclusively applied to each concentration (resulting in a total of 24 hours of unique concentration electives across the two concentrations). Students must also complete all of the other concentration requirements specific to each concentration, in addition to differentiating their major elective courses across the two concentrations. If one of the dual concentration choices is either the applied or the global communication concentration, students may select courses from across the College of Communication and Information in their elective choices for completing that part of the dual concentration. Any other duplicative course requirements for the two concentrations beyond the requirements specified above may be double counted when completing a dual concentration option.

Students electing a dual concentration must meet with an advisor to plan an individualized plan of study that meets these requirements before the dual concentration option will be approved for that student. Any changes made to the program of study also must be approved by an advisor, or the student may not be allowed to graduate with this option.
