Executive EPC Committee Member Proposal Questions

The role of the Executive EPC is to take an in-depth review of the proposals that are submitted to EPC. The members felt there were additional questions that needed to be asked, see below.

Neuroscience - B.S.
Proposal to establish a new optional concentration in Pre-Medicine/Pre-Podiatry

1. What are the motivation and goals for creating the concentration?
2. Is pre-medicine/pre-podiatry an emerging need for workforce or degree-specific employment demand?
3. It appears that students selecting the concentration will not take as many neuroscience-related courses as students selecting just the major. How will the concentration still prepare graduates for a neuroscience-related career?
