Duration of placement is equal in most cases. If this is not possible, slightly longer placement (one to two weeks) is in the area of student teacher's greatest need.

**Additional Major Notes:**

Upon completion of 60 semester hours, each student is required to contact the Office of Advising and Academic Services to obtain a current evaluation of progress toward completion of the student's chosen degree program.

Students who pass 15 credits of non-remedial academic coursework each fall and spring semester and the 1-credit First Year Experience course will accumulate 121 credits in four years. This major requires 130 credits for graduation. Students can stay on track for graduation by:

- Declaring their major as freshmen and completing all courses in sequence (bear in mind that switching majors may cause a delay in graduation);
- Prioritizing required courses above electives;
- Meeting regularly with their academic advisors to stay on track;
- Passing each required course the first time attempted and maintaining the minimal GPA for the major;
- Successfully completing more than 15 credit hours of relevant coursework (field-based work, internship) during academic semesters; and/or
- Completing relevant coursework (field-based work, internship) during summer sessions.

**Education Minor Notes:**

- Students must consult an education advisor in 306 White Hall to be accepted into the education Minor, it is important that the students accomplish this prior to the junior year.
- Student must be accepted by the College of Education, Health and Human Services and they must satisfy course requirements and meet professional standards established by the College of Education, Health and Human Services.
- In order to enroll in upper-division professional education coursework, students seeking licensure must be admitted to the education minor.
